After a year off due to COVID-19, the Danville Master Gardener Association will be hosting a 2022 training class for prospective new members.

Every year, the Danville Master Gardeners hold an annual class to train new Master Gardeners. Members of this organization are very involved in the community and take on a variety of gardening projects.

The training program will be a self-paced, computer-based program interspersed with several in-person labs. Registration for the class will begin in January 2022, with the program beginning in March 2022.

For more information about the 2022 Master Gardener class, please see one of our Master Gardeners at the Danville Community Market or email:
